1. N/A
2. Added lines of asterisks to break up the display so it's easier to read
3. N/A
4. The hardest part of this assignment was most definitely the beginning for me. It took me a while to figure out how to properly utilize the candle class that was provided for the assignment. However, once I figured it out everything went smoothly from there and I did not encounter any issues.
5. I learned how to better implement the constructors into my code which will definitely help in the future.
